Barmer, Rajasthan

WORK EXPERIENCE

🔗 **Aarvy Technologies** | *Internship* | *Front-End Developer*

June 2024 - Aug 2024

- Developed and maintained Front-end of website using technologies like ReactJs.
- Developed and maintained database and Back-End of website using NodeJs and ExpressJs.

PROJECTS

🔗 **Airline Booking Management System** | *NodeJs, ExpressJs, MySQL*

Nov 2024

- Implemented API Gateway to take user queries, which are then routed to various microservices.
- Various microservices include AuthService, FlightAndSearchService, TicketBookingService, ReminderService.
- Implemented JWT and user-role based authentication.
- Integrated **RabbitMQ** (message queue) between the booking and reminder services.
- Used **Cron** to send emails automatically after a 5-minute interval after user placed a reservation.

🔗 **EsKaJi Sweets** | *ReactJs, NodeJs, ExpressJs, MongoDB*

July 2023

- The web application allows admin users to easily manage product inventory by adding, deleting, updating, and fetching products.
- Implemented responsive design principles using CSS media queries and flexible layouts to ensure optimal viewing experiences for users accessing the website on desktops, tablets, and mobile devices.

🔗 **Anime Zoro WebPage** | *ReactJs*

Sep 2022

- Implemented a dynamic catalog display showcasing a wide range of anime content, inspired by the character Zoro, allowing users to browse through titles, genres, and ratings with ease.
- Integrated interactive features such as user ratings, reviews, and comments, fostering community engagement and providing valuable feedback on anime selections
- Utilized ReactJs capabilities to create a visually appealing and responsive user interface, incorporating smooth animations and transitions to enhance the overall browsing experience for anime enthusiasts.

CERTIFICATES

🔗 **MernStack**

May 2023 - July 2023

- Completed intensive summer training at SSDN Technologies, specializing in MERN STACK, where I gained hands-on experience in creating several projects.
- Acquired proficiency in MERN STACK, learning essential skills such as Reactjs, MongoDB, ExpressJs, Nodejs.
- Developed a variety of projects during the training such as **ESKAJI Sweets**, a Full Stack Website.
